

## REMARKS

This Preliminary Amendment is not being made for any patentability purposes. This Preliminary Amendment is made to eliminate improper multiple dependent claims, and eliminate multiple dependency claims to reduce the filing fee.

It is respectfully submitted that the claims are now in condition to be substantively examined and that all the claims are allowable. An early indication of their allowability by issuance of a Notice of Allowance is earnestly solicited.

Respectfully submitted,

By:

  
George W. Rauchfuss, Jr.
